

Olomouc 31 March 2017

Dear Representatives of Municipal and City Police,

I am using this opportunity to extend an invitation to you and to your colleagues for attending the **2nd International Conference on Municipal Police of the Visegrád 4** countries. The conference will take place on Wednesday, 31 May 2017 from 9:00 a.m. in the Hall E of the Brno Exhibition Centre.

This year, we will be continuing in our discussions on current changes in legislation, cyber security as well as on possibilities of international cooperation. We would also like to present to you new developments and trends in modern technologies of the municipal and metropolitan police forces equipment. We will be also commemorating 25 years since the establishment of first municipal and city police forces.

The Conference will be held under the auspices of Mr. Roman Váňa, Chairman of the Committee on Security of the Chamber of Deputies of the Parliament of the Czech Republic, Mr. Milan Kladníček, Chairman of the Board of the Chiefs of Municipal Police of Statutory Cities and the Capital City of Prague, and Mr. Ján Andrejko, President of Association of Chiefs of Municipal and City Police of the Slovak Republic.

As our Conference will be an official part of the expert side programme of IDET, PYROS and ISET international defence and security exhibitions (more on www.idet.cz) with interesting dynamic presentations, the Conference participants will be granted an exclusive free access to these exhibitions.

Let me kindly remind you that the deadline for registration at the Conference is 26 April 2017. We would like to suggest early registration due to the limited seating capacity and limited number of passes for the defence and security exhibitions.

The Conference fee is 20 EUR per person. It includes access to the Conference, visit of the exhibitions and refreshment during the entire Conference.

Detailed information on the Conference, its programme and the international defence and security exhibitions is available at www.fttech.org/konference where you can also find the registration form. Upon its completion, we will issue a confirmation of registration for the Conference. In case of any questions, please do not hesitate to contact us by e-mail at konference@fttech.org.

I believe that we will follow on the successful first edition of the Conference last year that received positive references. I am looking forward to meeting you during our expert discussion in Brno.

With kind regards

Daniel Bednařík
CEO
